Dear Wendell:

Attached is a copy of the Residual Inventory Items on Contract BB-300.

Our recommendation for the scrapping of the items involved covers what is termed as Section III, Raw Aluminum Castings. It is also recommended that we be relieved for the accountability of all hardware items listed in Section I. The balance of the items will be used under BB-500, wherever possible.

Insofar as the submission of the final invoice and necessary releases, these items will be forwarded upon receipt and execution of Amendment No. 9.

Very truly yours,

Contracts Manager
